Please help us to sync your google calendar in to Fotopia calendar by following the below steps in your Gmail settings
Note: *Google calendar sync supports @ gmail.com and G-suite hosted domains as well, for e.g., @Fotopia.no (fotopia.no domain email hosting is with G-suite)*

Step 1: Open gmail.com and click on Google apps (top right click the highlighted icon)

In addition, select calendar as shown below,

Step 2: Under My calendar mouse over on <your name> and click on three dots,

Then click on Settings and sharing as shown below,

Step 3: Check the box that says Make available to public under Access permissions for events and then click ok in the warning pop up box as shown below,

Google calendar events will display now in fotopia calendar.

Please follow the below steps to change your email ID

Step 1: Login to fotopia account

Step 2: In the dashboard page, at top right corner click on the username

Step 3: Select My account option

Step 4: Click on Update button respect to Username

Step 5: Enter the New email in the text field

Step 6: Click on send verification code

Step 7: Enter the verification code sent to the new email, so that user email is changed now.
